### 3.0 FOCUS FOR 2023

- 3.1 To continue engaging technicians, technologists and all student members to increase their sense of belonging to the institution.
- 3.2 To compel the industry to take up more engineering students on industrial attachment. Alternatively, EIZ was to give an incentive to such engineering organisations such as a 10 percent discount on corporate subscription
- 3.3 To engage HEA, CBU and UNZA to intensify stakeholder engagement in reviewing the Zambian university curriculum to suit the needs of industry. This would be done by partnering to organize such workshops, spearheaded by the EIZ sections .
- 3.4 To have a technical team visit the dilapidated cafeteria at Solwezi Trades and later come up with a rehabilitation programme by soliciting for funds from various stakeholders.
- 3.5 To do an infrastructure report for the Northern Region
- 3.6 To engage the various councils on the role of EIZ in CDF projects and have a planned schedule of workshops in each town to encourage entrepreneurial skills among engineers.
