

NOTICE TO ALL CANDIDATES AND THEIR SUPPORTERS IN THE FORTHCOMING EIZ ELECTIONS

The Nominations and Elections Committee (NEC) of the Engineering Institution of Zambia (EIZ) wishes to formally notify all candidates contesting in the forthcoming EIZ Elections, as well as their supporters, that the electoral process shall be conducted strictly in accordance with the provisions of the EIZ Constitution and the relevant Notices for Annual General Meetings (AGMs) and Elections, all of which are available on the EIZ website and widely circulated.

Candidates and their supporters are reminded that the EIZ Constitution clearly prescribes the conditions, conduct, and timelines governing elections, including the specific period within which canvassing for votes is permitted. All candidates and their supporters are therefore expected to fully comply with these provisions and to refrain from any activities that may contravene the EIZ Constitution or issued notices.

The NEC further wishes to inform all candidates that it will, at an appropriate time, convene a meeting with all duly nominated candidates to provide guidance, clarify electoral procedures, and address matters relating to the conduct of the elections.

The Committee urges all candidates and their supporters to uphold the principles of professionalism, fairness, and respect for Institutional governance throughout the electoral process.

Any breach of the EIZ Constitution or election guidelines may attract appropriate action in accordance with the EIZ Constitution.
